It's a public document, so we can share it. This is the whole report minus the photos. The email system won't let me attach a file that large. There are no photos of the Kiewit site, but if they want a copy of photos, we could get them one.

Hi Laurel

I wanted to ask you also if I could get a complete copy of EPA's Inspection Report that was issued September 30, 2015. In the Request for Information dated Nov. 14th, Enclosure 3A states these are excerpts from EPA's Inspection Report. I always find it very beneficial if I can look at the entire report. Would it be possible to get a copy?

Thank you so much!

Connie
